Handcrafted Italian leather belts **WITH DETACHABLE BUCKLES**

A life wearing jeans and an appreciation of luxurious leather sparked my inspiration for Peachy Belts. I set out to create a range of gorgeous belts with easily interchangeable buckles, enabling you to simply snap on a new buckle to change your look.

Each season there are new belt colours and buckle styles, and the core range is available year round. New limited edition styles and colours are introduced throughout the year so sign up for email updates or follow us on Insta or Facebook.

We use full grain cowhide leathers that are ethically sourced in Italy - the belts are handmade in the UK. My aim is to ensure that you buy the perfect belt for you - the ultimate accessory that works with your existing wardrobe and adds luxury to your look. I want you to get maximum wear from your belt and buckle and want shopping with Peachy Belts to be fun and easy. Please **ALWAYS** call us if you are unsure, or want to talk through the best choice for you.

I am delighted with my new range and continue to use the finest Italian leathers, if I do not love them and want to wear them, they are not going into my range!

How to Measure Yourself - Call us if you need help!

Most belts are held in stock in the sizes shown here and measurements are given to the middle hole on the belt, they all have 7 holes other than the skinny belts that have 5. If you measure an old belt, go from where the buckle meets the leather, to the hole that you do it up onto – **IT IS NOT THE TOTAL BELT LENGTH!**

There is a video that explains how to measure yourself on the website or please call if you would like help. Any thing can be changed if you get it wrong and it is unworn!

> Point A on the image = where the leather meets the buckle

> Point B on the image = to the middle hole on the belt

! Our 30 & 40mm belts each have 7 holes. Our 20mm skinny belts have 5 holes
