Handcrafted Italian leather belts **WITH DETACHABLE BUCKLES**

A life wearing jeans and a love of luxurious leather sparked my inspiration for Peachy Belts. I've created a range of beautiful belts with easily interchangeable buckles – simply snap on a new buckle and instantly change your look.

We use full-grain cowhide leather, ethically sourced from Italy, and every belt is handmade in Leicestershire. My goal is to help customers wear belts to truly complete their outfits – and to find the perfect belt for their lifestyle.

Please don't hesitate to call if you need help with sizing, colour, or width. I love creating this collection – and if I don't absolutely love a design, it doesn't make it into the range!

How to Measure Yourself - Call us if you need help!

Most belts are held in stock in the sizes shown here and measurements are given to the **MIDDLE HOLE ON THE BELT** - the detachable belts have 7 holes, the elastic and skinny belts have 5. If you measure an old belt, go from where the buckle meets the leather, to the hole you do up onto - **IT IS NOT THE TOTAL BELT LENGTH!** Men generally go at least one size up from their jean waist size for a belt.

There is a video that explains how to measure yourself on the website or please call if you would like help. Any thing can be changed if you get it wrong and it is unworn!

> Point A on the image = where the leather meets the buckle

> Point B on the image = to the middle hole on the belt

! Our 30 & 40mm belts each have 7 holes. Skinny belts and elastic waist belts have 5 holes.
